Part 1. Before the Production

1. Customer Quote
2. Receiving Customer Order
3. Contract Review
4. Enter order in MRP System
5. Engineering
6. The cam-tool generation
Raw Material Releasing

- Cut Lamination
- Drilling
- Dry/wet film imaging
- Acidic/alkaline etching
- Solder mask and silkscreen process
- V-CUT, Rout out
- Electronic test
PCB Fabrication

The Follow-up

- Electrical Test
- Scoring (IF REQD)
- Fabrication
- Final Cleaning
  - Final Visual Inspection
  - QC And FAI Reporting
    - Packaging
      - Invoicing
        - Shipping
